Co Curricular Activity

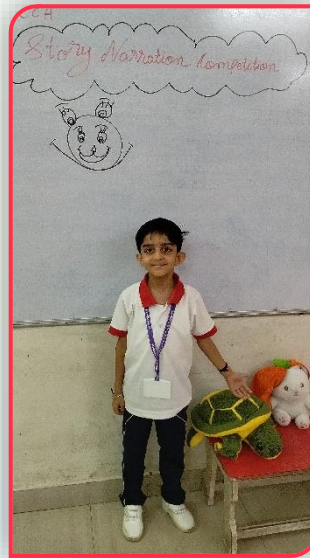

July 26, 2025

Co Curricular Activity (CCA) team of APS Mundra planned various activities for students of classes I to IX and XI.

Classes I & II – Story Narration

Students of classes I & II participated in Story Narration activity. The objective was to boost confidence, creativity and speaking skills. Each child narrated a short story with a moral. They made use of different props like hand puppets, toy animals, flash cards etc.

It was a joyful experience for all our little stars.

Classes III to V – Doodle the Google Art

This activity encourages students to think creatively about how art can tell a story, celebrate an event, or highlight an important figure, just like Google does with its Doodles! This activity encouraged the children of classes III to V to express their creativity by designing their own version of the Google logo based on a theme like "My India, My Pride", "The Future I Imagine", or "What Makes Me Happy." Students showcased their creativity and originality through their pictures.

That was a blast, and everyone had a great time.

Classes VI to VIII – City of My Dreams Drawing Competition

A drawing competition was organized for the students of classes VI to VIII. This competition invited students to envision and illustrate their ideal city. It was a wonderful opportunity for them to explore urban planning, environmental consciousness, and creative design, all while showcasing their artistic talents. The objective was to encourage students to imagine and visually represent a city that embodies their hopes, innovations, and ideal living conditions.

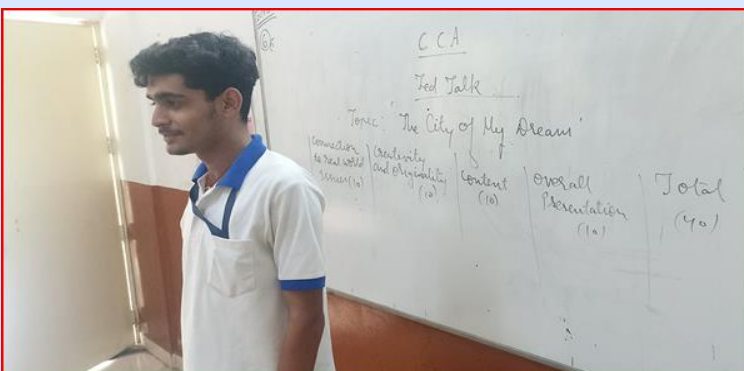

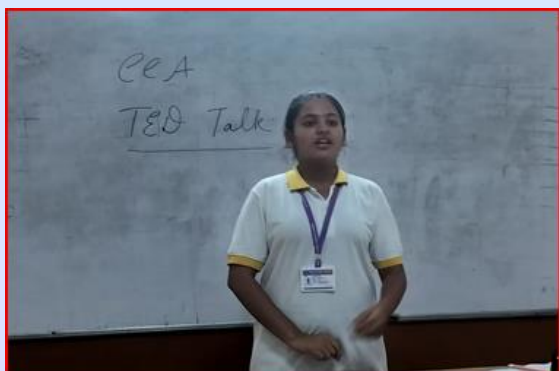

The students unveiled stunning pictures of their dream cities, showcasing incredible imagination.

Classes IX & XI – City of My Dreams TED Talk Competition

A TED Talk is a short, powerful presentation (typically 18 minutes or less) that delivers an "idea worth spreading". A TED Talk competition was planned for the students of classes IX and XI. The topic for TED Talk was 'City of My Dreams'. Students presented beautiful ideas while describing their Dream city.

Students articulated fascinating ideas as they depicted their Dream Cities, including eco friendly transportation systems, buildings integrated with nature, innovative sustainable solutions and many more. The students were judged by their class teachers. Certificates will be presented to the top three students from each section.
